Newest skin tightening technology available using safe & pain-free radio frequency & heat. Helps to firm skin, smooth cellulite & tighten problem areas. Price based on area. Come in for a complimentary consultation. Typically packages of 6 treatments needed.

InMode Tone (WL)

Tone works by emitting electrical muscle stimulation (EMS) to stimulate involuntary muscle contractions. Tone's 2 hands-free applicators target specific muscle groups to refine the appearance and strength of the muscle. It can be used to effectively treat diastasis recti. It is not painful and does not require any anesthesia. You can use this on your abdomen, buttocks, or thighs! Single Treatment \$400 • Series of 6 \$1,800

Z-Wave (WL)

We are now offering the Z wave procedure for non-invasive cellulite treatment. This is a state of the art treatment which applies external sound waves into the tissue being treated. The body responds to these sound waves with increased metabolic activity in form of lymphatic drainage and increased blood circulation. The end result is an improvement in the appearance of cellulite, skin tightening, and overall more smooth appearing skin. This is an FDA cleared treatment for cellulite.

Single treatment \$450 or Series of 6 \$2,550.
